PROFESSIONAL SUMMARY

Detail-oriented and analytical Financial & Inventory Accountant with over 3 years of professional experience across corporate accounting and public practice. Proven expertise within El Banna Group managing complex inventory control systems and corporate cash desk operations. Highly proficient in modern enterprise systems including **Odoo ERP** and **Oracle ERP** to execute precise day-to-day transaction logging, cash flow optimization, and financial reporting. Adept at delivering error-free data that drives strategic internal controls and asset protection.

PROFESSIONAL EXPERIENCE

Inventory & Cash Accountant

05/2025 – Present

El Banna Group - Egypt

- Inventory Management Focus:** Manage day-to-day inventory transaction mapping including receipts, transfers, and warehouse issues using Oracle ERP; reconcile physical stock takes to minimize shrinkage.
- Treasury & Cash Desk Rotation:** Spearheaded corporate cash desk operations during a specialized internal rotation, executing rigorous daily cash book balancing, managing deposits/withdrawals, and ensuring zero cash discrepancies.
- Stock Optimization:** Monitor slow-moving stock lines, providing targeted internal visibility to enhance turnover efficiency and maximize working capital utilization.
- Documentation Control:** Review and clear Goods Received Notes (GRNs) and Goods Issued Notes (GINs) to secure end-to-end documentation alignment.
- Cross-functional Collaboration:** Collaborate closely with internal procurement and storage facility teams to preserve baseline safety stock metrics.

Accountant (Public Practice)

05/2023 – 05/2025

Assets For Accounting & Auditing (Ahmed Mohamed Soliman Office) - Giza, Egypt

- Auditing & Taxation:** Gained 2 full years of foundational experience in statutory auditing, corporate tax return support, and client-side financial statements.
- Bookkeeping:** Handled day-to-day corporate bookkeeping setups, ledger balancing, and error resolution according to Egyptian Accounting Standards.
- Reconciliations:** Performed extensive multi-bank cash and ledger reconciliations for an expansive client portfolio spanning retail and commercial industries.
- Internal Controls:** Evaluated internal financial control compliance and directly summarized data audit pathways for senior legal auditors.
